**HOLIDAY ASSIGNMENT**
**SESSION: 2026-27**
**CLASS-VII**

## ENGLISH

### I. Supplementary Reader – Book Reading and Response

**Book Title: *Number the Stars* by Lois Lowry**

***"A ship in harbor is safe, but that's not what ships are built for."***

In *Number the Stars*, life in wartime Denmark moves quietly under fear, where ordinary people are pushed into extraordinary circumstances. Through Annemarie's eyes, a simple world begins to reveal acts of courage, trust, and sacrifice that change everything.

**After reading the book, reflect and respond on the following in about 100–120 words:**

1. **Scenes That Refuse to Leave Your Mind**
   Think about the parts of the story that stayed with you the most. Describe what happened and why those moments felt powerful or hard to forget.
2. **Moments of Courage and Fear**
   Identify a few situations where characters had to choose between fear and bravery. What made those moments meaningful to you?
3. **A Character You Understood Best**
   Choose one character you felt a strong connection with. What about their choices, feelings, or actions made you relate to them?
4. **What the Story Left You Thinking About**
   After finishing the book, what ideas or questions stayed in your mind about bravery, friendship, or doing what is right?

### II. Newspaper Designing

**A Reading and Writing Project for Budding Journalists**

You're the Editor-In-Chief of your own newspaper!

1. Take one big chart paper.
2. Fold it twice (once vertically and once horizontally) to create 4 quarters just like a mini newspaper.
3. Decorate and design it as if it were a real printed newspaper with the following guidelines:
   - A Creative Newspaper Name (e.g. The Young Times, The Classroom Post, etc.)
   - Date, Volume, Edition Number (make it look real!)
   - Divide your newspaper into different sections such as Local events, Science, Environment, Sports, or Good News)
   - You can also include sections such as Advertisements, Weather Report, Editorial or Opinion Column, Comic Strip, Joke Corner/ Puzzle/ Product Review etc.
   - You can paste or add hand drawn illustrations, doodles or borders to make it visually appealing.

### III. Poetry Recitation – *The People Upstairs* by Ogden Nash

**Objective: To improve expressive reading, rhythm, and appreciation of humorous poetry.**

Learn the poem *The People Upstairs* by Ogden Nash from your Literature Reader. The recitation will be assessed after the summer break.

Assessment will be based on Fluency and clarity, Expression and tone, Confidence and body language.

## SOCIAL SCIENCE

Research and create a PowerPoint presentation on the topic 'How do sacred places influence the culture and traditions of the people living near them.'
Students should include impact on local lifestyle, festivals, economy and values.

**Suggested Case Studies**

- Varanasi
- Golden Temple
- Madurai
- Or any other

## SCIENCE

Research about cultural significance and therapeutic properties of medicinal plants, herbs and spices found in Arunachal Pradesh. Add details and paste pictures in a scrap book.
Also write about 2–3 specific famous recipes from the region.

## MATHEMATICS

Complete all the tasks systematically in your Math Activity File:

**Research & Identification:**

1. Find three logos or everyday objects at home (e.g., a clock face, a hubcap, a flower, or a brand logo)
2. Trace or draw the outline of the object.
3. Identify and draw all Lines of Symmetry.
4. Determine the Order of Rotational Symmetry (how many times the shape looks the same in one full 360° turn).

**MENSURATION** (Perimeter, Area of Complex paths)

- Activity - Flooring/Garden Layout: Choose a room in your house or a section of a park.
- **Measurement and Calculation:**

a. Sketch the floor plan. If it's a simple rectangle, imagine adding a "circular path" or a "triangular corner" to it.

b. Measure the dimensions in meters.

c. Calculate:

- The Perimeter of the entire boundary.
- The Area of the floor (using formulas for rectangles/triangles).
- If you want to place a circular rug with a diameter of 1.4m in the center, calculate how much "empty" floor area would remain.
