**Session: 2019-20**  
**Holiday Homework, Class – V**

Dear Parents,  
Greetings from Cambridge School, Indirapuram!

As parents, it is important to invest your time with your children now. Enjoy their childhood as in a few years from now they'll be all grown up and on their own!

To cherish these moments, here's a list of suggested activities which you can enjoy with your children.

- Share stories about your childhood and your family history.
- Take at least two meals together with your children. Ask them not to waste their food and explain them the importance of the hard work the farmers do to grow food.
- Allow them to help you in the kitchen or elsewhere. Children learn dignity of labour from such activities.
- Visit elders in the family and let your children bond with them. Click pictures of them. This emotional support and love is important for your children.
- Visit a few neighbours and try to build a rapport with them.
- Let your children play outside. Comfortable living will make your child delicate and lazy.
- Take your children to a local festival and a local market.
- Allow your children to read as many age appropriate story books, as possible.
- Keep your children's screen time limited. Screens include T.V., mobile phones, computers and other electronic gadgets.
- Avoid giving junk food like chocolates, jellies, cakes, wafers, aerated drinks, fried stuff. Cultivate a healthy eating habit among your children.

With good wishes for a marvellous time with your children!
