

HeyMath! Personalised Learning Program (PLP)

The Personalised Learning Program from HeyMath! aims to provide individualised support to students to help them 'bridge learning gaps' and achieve mastery through targeted remediation during summer.

How PLP works?

Take mini tests

Choose a topic and take a series of diagnostic tests to assess your proficiency.

Watch videos

We will recommend lessons that will help you bridge learning gaps.

Complete practice

We will also recommend targeted practice to help improve your scores

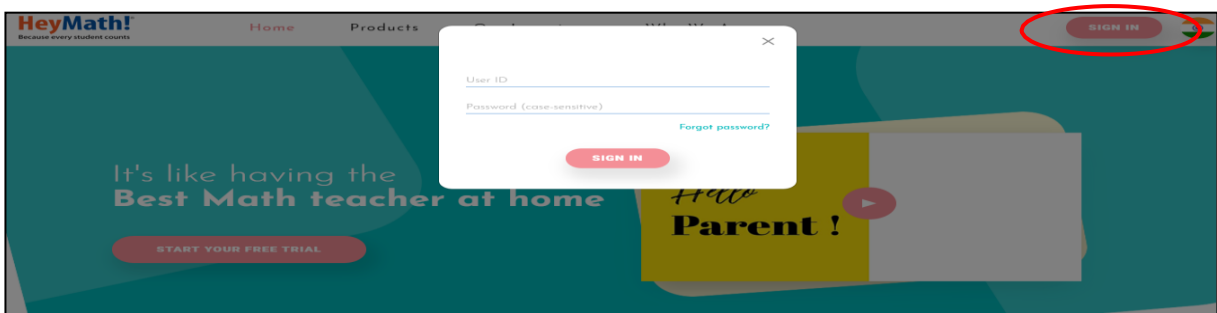

Performance summary

To identify specific topics and problems to focus on to achieve mastery

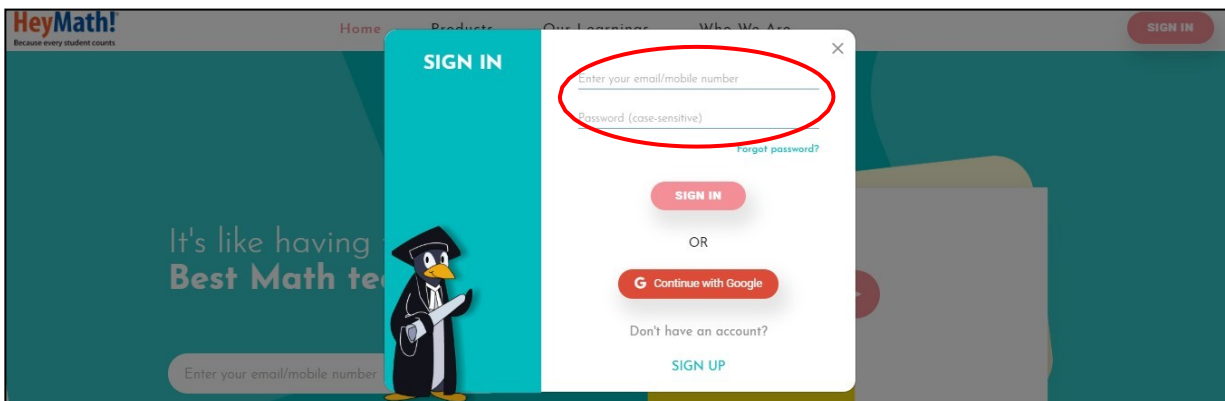

How to access PLP?

You can use any device that supports a browser like Google Chrome

1. Open Google Chrome (preferred), Mozilla Firefox or Internet Explorer and type **www.heymath.com** in the address bar of the browser. Click on **SIGN IN**

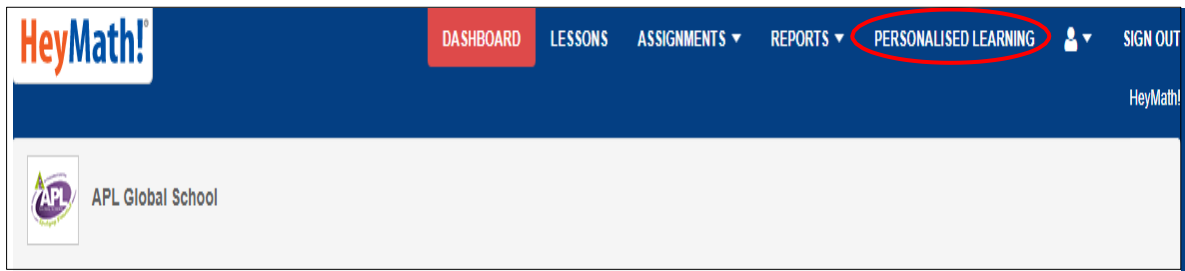

2. Enter your HeyMath! User ID and Password. Click on the **SIGN IN** button to log in to the website.

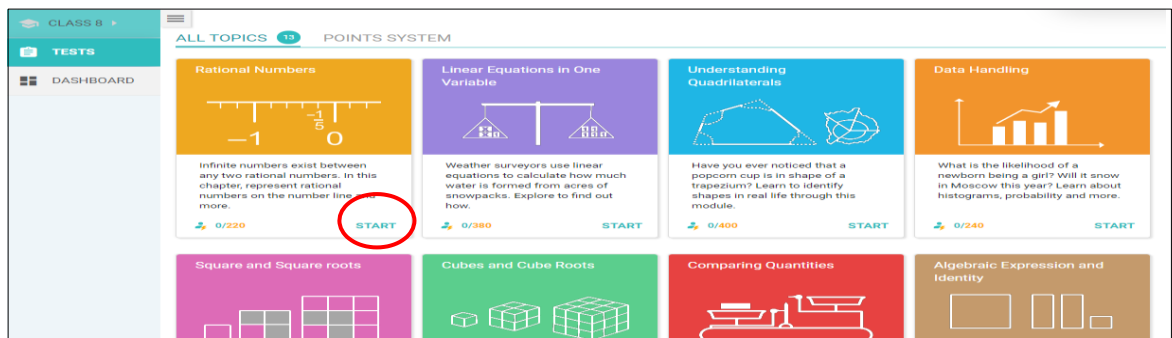

HeyMath! Personalised Learning Program (PLP)

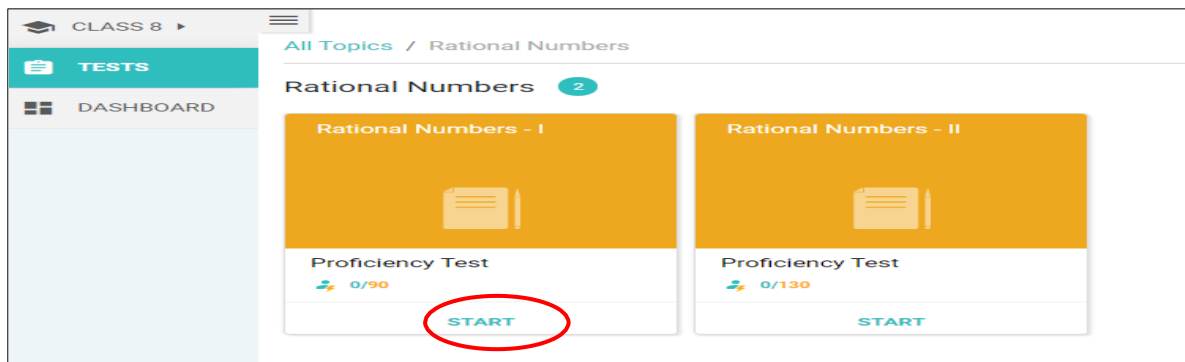

3. You will land on this page. Click on 'PERSONALISED LEARNING'.

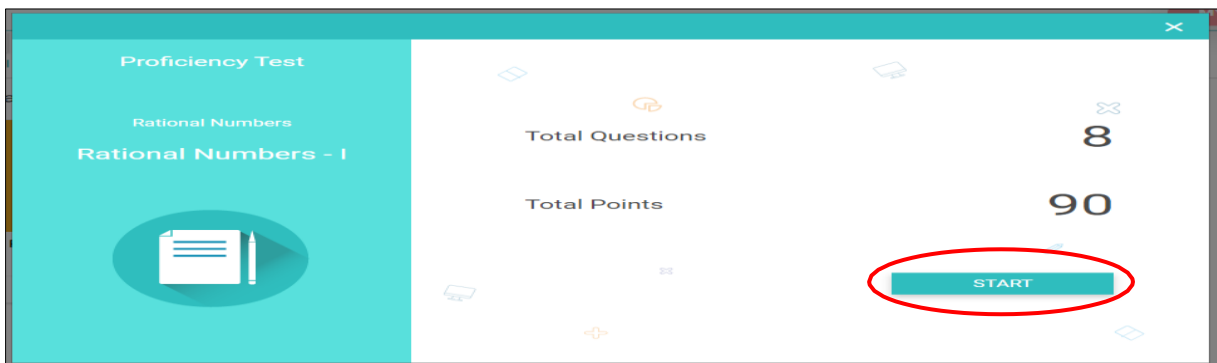

4. Select a Topic and Click 'START'

5. Choose a subtopic and Click 'START'

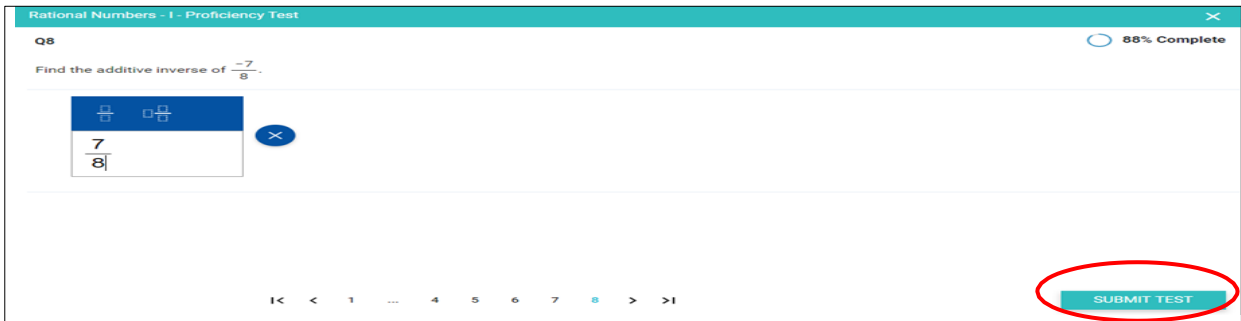

6. Click 'START' in the Proficiency Test

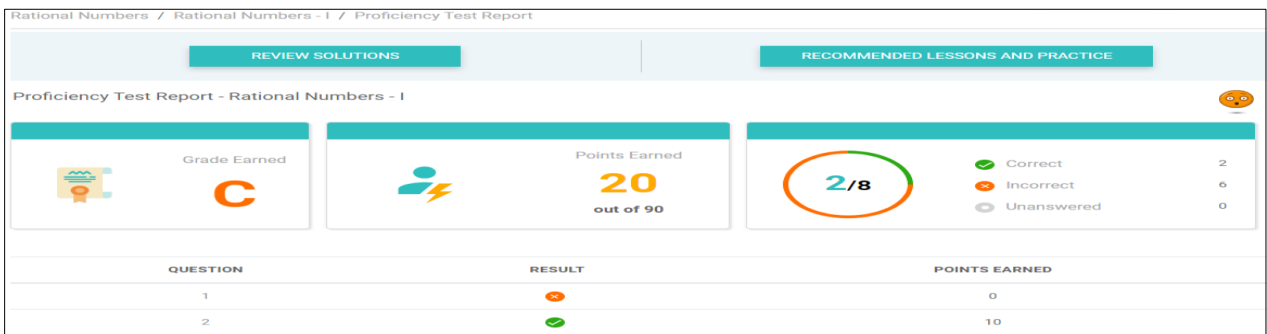

HeyMath! Personalised Learning Program (PLP)

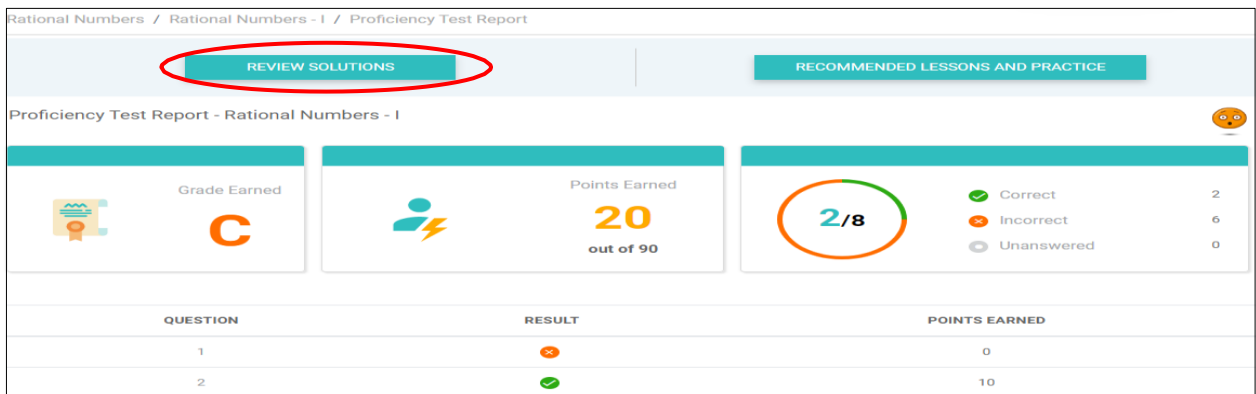

7. After attempting all questions , click 'SUBMIT TEST'

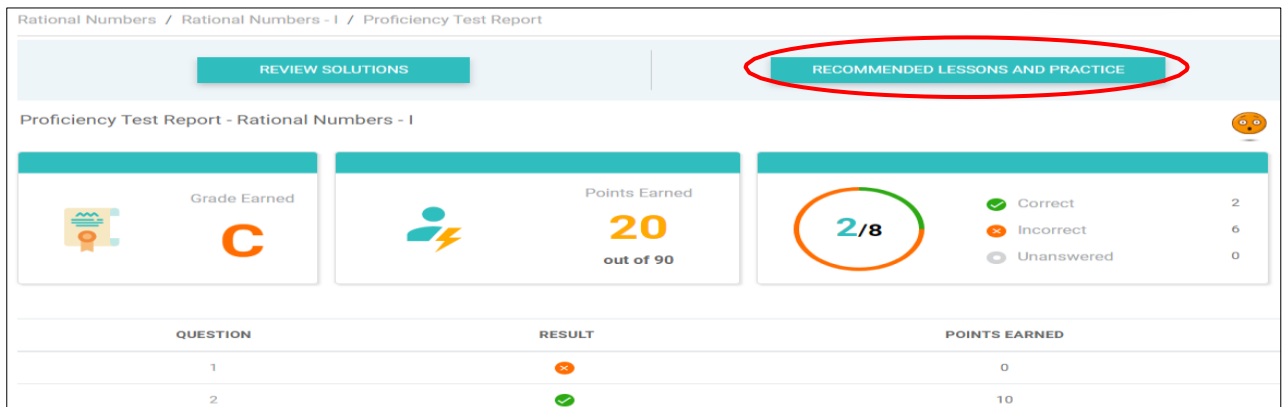

8. View your Grade and the points you earned. Based on the grade in each test, the program will recommend relevant HeyMath! lessons and practice to strengthen your understanding of concepts.

9. Solutions for each question can be seen on clicking 'REVIEW SOLUTIONS'

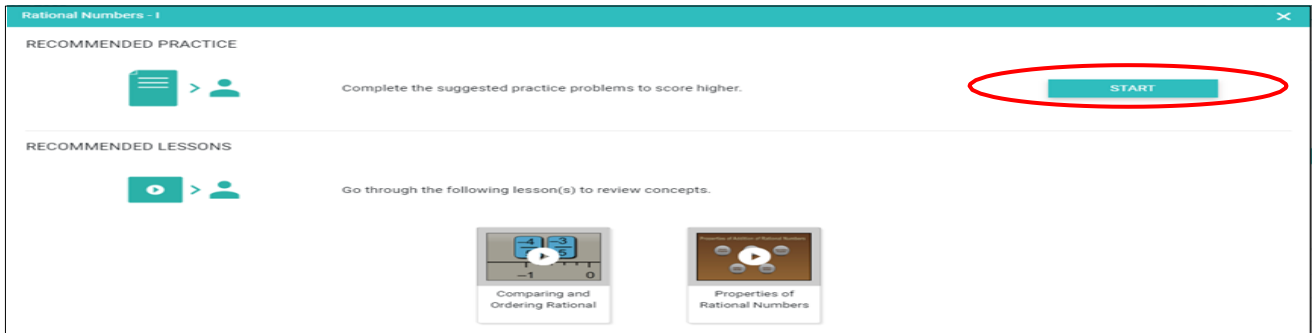

10. Click on 'RECOMMENDED LESSONS AND PRACTICE'

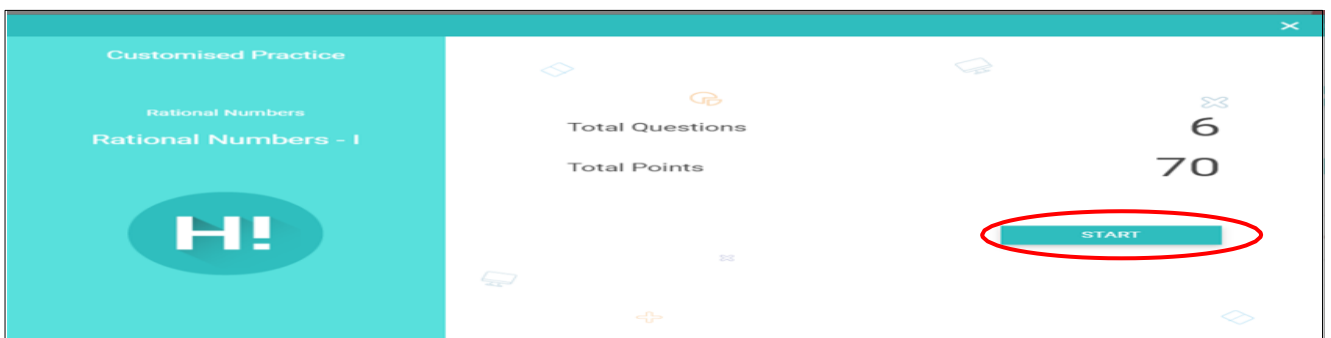

HeyMath! Personalised Learning Program (PLP)

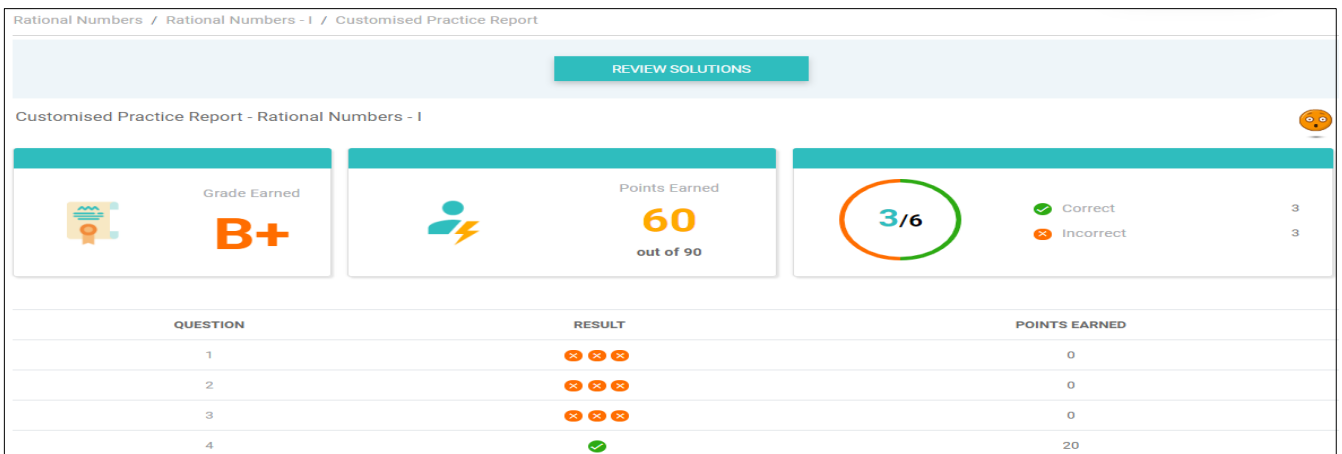

11. You can view the Lessons and under Recommended Practice, click 'START'

12. Click **START** to do the customized practice.

13. View your **Grade and Points Earned** after the Customised Practice

14. View your progress in the 'DASHBOARD'
